Cousin Chart

Find the closest ancestor you share. Read down the left for what person A is to that ancestor and across the top for person B: the box where they meet is what B is to A.

Common ancestor's…	Child	Grandchild	Great-grandchild	2× great-grandchild	3× great-grandchild	4× great-grandchild
Child	Brother or sister	Niece or nephew	Grandniece or grandnephew	Great-grandniece or -nephew	2× great-grandniece or -nephew	3× great-grandniece or -nephew
Grandchild	Aunt or uncle	1st cousin	1st cousin once removed	1st cousin twice removed	1st cousin 3 times removed	1st cousin 4 times removed
Great-grandchild	Great-aunt or great-uncle	1st cousin once removed	2nd cousin	2nd cousin once removed	2nd cousin twice removed	2nd cousin 3 times removed
2× great-grandchild	Great-great-aunt or -uncle	1st cousin twice removed	2nd cousin once removed	3rd cousin	3rd cousin once removed	3rd cousin twice removed
3× great-grandchild	3× great-aunt or -uncle	1st cousin 3 times removed	2nd cousin twice removed	3rd cousin once removed	4th cousin	4th cousin once removed
4× great-grandchild	4× great-aunt or -uncle	1st cousin 4 times removed	2nd cousin 3 times removed	3rd cousin twice removed	4th cousin once removed	5th cousin

The number. Cousins the same number of generations below the shared ancestor are first cousins if they share grandparents, second cousins if they share great-grandparents, third cousins if they share great-great-grandparents.

Removed. "Once removed" means one generation apart: your first cousin's child is your first cousin once removed, and their grandchild is your first cousin twice removed. It works both ways.
